ENVIRONMENTAL QUALITY

AGREED ORDER DOCKET NO. 2007-1135-AIR-E

I. JURISDICTION AND STIPULATIONS

At its ______ agenda, the Texas Commission on Environmental Quality ("the Commission" or "TCEQ") considered this agreement of the parties, resolving an enforcement action regarding Merisol USA LLC ("Merisol") under the authority of TEX. HEALTH & SAFETY CODE ch. 382 and TEX. WATER CODE ch. 7. The Executive Director of the TCEQ, through the Enforcement Division, and Merisol appear before the Commission and together stipulate that:

- 1. Merisol owns and operates a cresylic acid production facility at 1914 Haden Road in Houston, Harris County, Texas (the "Plant").
- 2. The Plant consists of one or more sources as defined in TEX. HEALTH & SAFETY CODE § 382.003(12).
- 3. The Commission and Merisol agree that the Commission has jurisdiction to enter this Agreed Order, and that Merisol is subject to the Commission's jurisdiction.
- 4. Merisol received notice of the violations alleged in Section II ("Allegations") on or about June 20, 2007.
- 5. The occurrence of any violation is in dispute and the entry of this Agreed Order shall not constitute an admission by Merisol of any violation alleged in Section II ("Allegations"), nor of any statute or rule.
- 6. An administrative penalty in the amount of Six Thousand Six Hundred Eighty-One Dollars (\$6,681) is assessed by the Commission in settlement of the violations alleged in Section II ("Allegations"). Merisol has paid Five Thousand Three Hundred Forty-Five Dollars (\$5,345) of

The deferred amount will be waived upon full compliance with the terms of this Agreed Order. If Merisol fails to timely and satisfactorily comply with all requirements of this Agreed Order, the Executive Director may require Merisol to pay all or part of the deferred penalty.

- 7. Any notice and procedures, which might otherwise be authorized or required in this action, are waived in the interest of a more timely resolution of the matter.
- 8. The Executive Director of the TCEQ and Merisol have agreed on a settlement of the matters alleged in this enforcement action, subject to the approval of the Commission.
- 9. The Executive Director recognizes that Merisol has implemented the following corrective measures at the Plant:
 - a. On March 22, 2007, provided training to each operations shift on the importance of header flows;
 - b. On March 30, 2007, implemented a waste removal time line for all portable tanks in response to well shutdowns, as well as a shortened drying time on disposal well filters to improve filter turnaround; and
 - c. On June 21, 2007, provided training and administered a managerial level review to insure proper reporting requirements are met and assured compliance with all the terms and conditions set forth in Section II of this Agreed Order.
- 10. The Executive Director may, without further notice or hearing, refer this matter to the Office of the Attorney General of the State of Texas ("OAG") for further enforcement proceedings if the Executive Director determines that Merisol has not complied with one or more of the terms or conditions in this Agreed Order.
- 11. This Agreed Order shall terminate five years from its effective date or upon compliance with all the terms and conditions set forth in this Agreed Order, whichever is later.
- 12. The provisions of this Agreed Order are deemed severable and, if a court of competent jurisdiction or other appropriate authority deems any provision of this Agreed Order unenforceable, the remaining provisions shall be valid and enforceable.

II. ALLEGATIONS

As owner and operator of the Plant, Merisol is alleged to have:

1. Failed to prevent unauthorized emissions, in violation of 30 Tex. ADMIN. CODE § 116.110(a) and Tex. Health & Safety Code §§ 382.0518(a) and 382.085(b), as documented during an investigation conducted on March 15, 2007. Specifically, an emissions event occurred February 26 through February 27, 2007 when tanks T-362027 and T-362028 overflowed into a spill containment area releasing 9,767 pounds of volatile organic compounds to the atmosphere for a period of 16 hours and 36 minutes. The emissions from Tanks T-362027 and T-362028 are not

- 2. Failed to properly report the emissions event, in violation of 30 Tex. ADMIN. CODE § 101.201(b)(1)(D) and Tex. Health & Safety Code § 382.085(b), as documented during an investigation conducted on March 15, 2007. Specifically, Merisol failed to properly identify the emissions source in the final report of the February 26, 2007 emissions event.

III. DENIALS

Merisol generally denies each allegation in Section II ("Allegations").

IV. ORDERING PROVISIONS

1. It is, therefore, ordered by the TCEQ that Merisol pay an administrative penalty as set forth in Section I, Paragraph 6 above. The payment of this administrative penalty and Merisol's compliance with all the terms and conditions set forth in this Agreed Order resolve only the allegations in Section II. The Commission shall not be constrained in any manner from requiring corrective action or penalties for violations, which are not raised here. Administrative penalty payments shall be made payable to "TCEQ" and shall be sent with the notation "Re: Merisol USA LLC, Docket No. 2007-1135-AIR-E" to:

Financial Administration Division, Revenues Section Attention: Cashier's Office, MC 214 Texas Commission on Environmental Quality P.O. Box 13088 Austin, Texas 78711-3088

- 2. The provisions of this Agreed Order shall apply to and be binding upon Merisol. Merisol is ordered to give notice of the Agreed Order to personnel who maintain day-to-day control over the Plant operations referenced in this Agreed Order.
- 3. This Agreed Order, issued by the Commission, shall not be admissible against Merisol in a civil proceeding, unless the proceeding is brought by the OAG to: (1) enforce the terms of this Agreed Order; or (2) pursue violations of a statute within the Commission's jurisdiction, or of a rule adopted or an order or permit issued by the Commission under such a statute.
- 4. This agreement may be executed in multiple counterparts, which together shall constitute a single original instrument. Any executed signature page to this Agreement may be transmitted by facsimile transmission to the other parties, which shall constitute an original signature for all purposes.
- 5. Under 30 TEX. ADMIN. CODE § 70.10(b), the effective date is the date of hand-delivery of the Order to Merisol, or three days after the date on which the Commission mails notice of the Order to Merisol, whichever is earlier.
